WARRANT FOR ROLLINSFORD TOWN MEETING

STATE OF NEW HAMPSHIRE

Tuesday, March 11, 1958

Polls to be open from 10:00 a.m. to 7:00 p.m.

Appropriations and other Articles of Town Business will begin at 7:30 in the evening.

To the inhabitants of the Town of Rollinsford, in the County of Strafford, in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Town, the eleventh day of March next, at ten o'clock in the forenoon, to act upon Article 1. All other Articles to be acted upon in the evening.

ARTICLE 1. To bring in your ballots for Town Clerk, Town Treasurer, One Selectman and Overseer of Welfare for a term of three years, One Road Agent for one year and Chief of the Fire Department.

ARTICLE 2. To see if the Town will vote to accept the Budget as prepared and submitted by the Budget Committee.

ARTICLE 3. To choose all other necessary Town Officers for the ensuing year.

ARTICLE 4. To see if the Town will vote to allow a discount of 2% on all taxes of the 1958 levy except poll taxes, paid within thirty days after presentation of warrant to Collector.

ARTICLE 5. To see if the voters of the Town of Rollinsford will authorize the Selectmen to

borrow money in anticipation of the collection of taxes.

ARTICLE 6. To see if the Town will authorize the Selectmen to administer or dispose of any Real Estate that has been or may be acquired through Tax Collector's Deeds.

ARTICLE 7. To see if the Town will vote to authorize and empower the Selectmen to obtain sufficient land to build and construct a street now known as Silver Lane.

ARTICLE 8. To see if the Town will vote to discontinue the non-partisan system of election of officials and install the Australian Ballot System.

Polls to be open at ten o'clock in the forenoon and close at seven o'clock in the evening.

Appropriations and other Articles of Town business will begin at 7:30 o'clock in the evening.

Given under our hands and seal this twenty-second day of February in the year of our Lord nineteen hundred and fifty-eight.

REPORT of the SUPERINTENDENT of SCHOOLS

To the School Board and Citizens of Rollinsford:

I am very happy to report to the citizens of Rollinsford that it is my considered judgment that Rollinsford has a good school. The teaching staff that is working with our youngsters is a very competent one. They are concientious, cooperative, hard working, and truly professional people. The sound leadership of the Principal, Mr. Hatfield, is evident. The building itself is always kept neat and clean. A business-like atmosphere is always present in the classrooms. The children all seem to be involved in activities and busy whenever I have appeared at the school. Problems have been at a minimum and, when they have occurred, have been solved with a minimum of conflict for both the pupil and the teachers.

The focus as regards the total program has been on the fundamentals; reading, writing, and arithmetic. This is as it should be. I firmly believe

that our youngsters must have this fundamental background if they are to successfully compete with others whatever their ultimate goals may be.

To insure that this type of school be maintained, I have advised the Board that a re-evaluation of the salary policy is mandatory. We all know that the critical element in any school is the teaching staff. Without good teachers it is impossible to have a sound school which will insure that the pupil will receive that kind of education that he must have in our complex society. Generally, there are three things that hold good teachers and permit the Superintendent to recruit good candidates; they are:

a. Working conditions.

b. Living conditions.

c. The pay received by teachers.

I believe that Rollinsford meets the first two conditions very well. It is my hope that the citizens of Rollinsford, through their elected representatives on the School Board, will do everything possible to maintain a salary policy that will allow us to hold our good teachers.

Budgetary provisions have been made to continue the policy of keeping up to date and replacing worn out books and instructional aids. With inflated prices and larger enrollments the citizens must expect increases in the budget for these items. While it is possible to keep per pupil costs relatively stable, the total expenditure for school purposes will increase as long as we have more children to educate.

Various details and given areas of the school are covered in the Report of the Principal; I refer the reader to this section of the report. If we have left any questions unanswered, we welcome a visit

from the parents or citizens at any time and will be more than happy to give answers to any questions that you may have.

The School Board has conscientiously carried out their responsibility as the policy making body for the Rollinsford School. I thank them for the manner in which they have worked with Mr. Hatfield and myself. Their entire approach to the educational enterpise is commendable.

Respectfully submitted,

JOSEPH J. PETROSKI,
Superintendent

ROLLINSFORD GRADE SCHOOL
January 1, 1958

TO: The Superintendent of Schools

The Rollinsford School Board

The Citizens of the Town of Rollinsford, N. H.

It is with a great deal of pleasure that I submit to you this report that covers a portion of the activities of the Rollinsford Grade School for the year 1957-1958.

Because of the limitations of space, I shall discuss only the high spots of the school year.

Enrollment

The Rollinsford Grade School, like the majority of the schools of this State and of the country, is feeling the impact of the increased birth rate of the

town, the impact of the increased activity in the home building within the town, and the impact of new residents of the town who have moved here from other areas. The Fall session opened on Wednesday, September 4, 1957, with an enrollment of 201. Since the opening day we have had a small but steady increase until a peak enrollment of 211 has been reached. At present date the enrollment stands as follows:

Grade	Teacher	No. Pupils Per Teacher	Boys	Girls	Totals
1	Perkins	29	13	15	28
2	Doherty	23	13	11	24
3	Benoit	30	16	14	30
4	Langley	31	11	20	31
5	Thompson	35	16	19	35
6	Floden	63	11	7	18
7	Floden		*13	* 7	*20
8	Floden		*13	*12	*25
6	Milliken	*63	*11	* 7	*18
7	Milliken		13	7	20
8	Milliken		*13	*12	*25
6	Hatfield		*11	* 7	*18
7	Hatfield		*13	* 7	*20
8	Hatfield	*63	13	12	25
Totals		211	106	105	211

*Repeated Totals

This figure of 211 should not, under any circumstances, be considered as a final figure for the year. It would appear that the final figure, using previous rates of increase for previous years and projecting the figures, that our ultimate enrollment by June 1958 would be 221. Whether this figure is achieved or is exceeded will be interesting to watch.

Faculty

During the past year, it became apparent that at the close of the year in June we were to be faced with several problems regarding the faculty of the school.

Mr. William Avery, Jr., who had been the teacher of the combined fifth and sixth grades, presented his resignation to the Board. His successor was chosen from a number of applicants because of her excellent capabilities in the field of Education. Mrs. Elizabeth Thompson is now doing an excellent job of instruction in grade 5.

The number of pupils that would have been in a combined fifth and sixth grade (52) made it absolutely necessary to split the grades and to hire an additional teacher to handle a straight sixth grade. We were fortunate to have obtained the services as teacher of English and Social Studies in this grade, Miss Mary I. Floden. Although Miss Floden has had no previous experience, other than practice teaching, she is doing an extremely capable job of teaching these subjects.

The resignation of Mr. Edwin Chamberlain became effective with the close of school in June, 1957. This necessitated the hiring of a teacher for the Science and Mathematics section of the upper grades. Mrs. Eleanor Milliken of Dover, N. H., was selected because of her excellent background of preparation and previous teaching success. It is felt that this choice was a most fortunate one both for the School Board as well as for the pupils of the school.

Mrs. Ruth Brown, present supervisor of Music in South Berwick, Maine, was selected to fill the vacancy caused by the dual resignation of Mr. and

Mrs. William Elwell. Mrs. Brown came to us with an excellent background of preparation for teaching as well as an impressive history of successful teaching assignments in other schools and systems.

The remainder of the faculty is as it has been in the previous year. Reference to the Faculty Data Table shows the grade teaching assignment of each. It is as follows:

FACULTY DATA TABLE

Teacher	Grade Teaching Assignment	Degrees Held	Years of Experience Rollinsford	Years of Experience Elsewhere
Mrs. Marjorie Perkins	1	Bachelor of Arts	1	5
Miss Bernice Doherty	2	Permanent Certificate	47	0
Mrs. Greta Benoit	3	Certificate	1	3
Mrs. Edna Langley	4	Permanent Certificate	14	9
Mrs. Elizabeth G. Thompson	5	Permanent Certificate	0	9
Miss Mary I. Floden	6, 7, 8 English History Geography	Bachelor of Arts	0	0
Mrs. Eleanor Milliken	6, 7, 8 Science Mathematics	1. Bachelor of Science in Education 2. Master of Arts in Science Education	0	4
Lewis W. Hatfield	6, 7, 8 Reading Principal	1. Bachelor of Science in Education 2. Master of Education	9	9
Mrs. Ruth Brown	Music All Grades	1. Standard Music Certificate, Maine 2. Permit, N. H.	0	17
Miss Arline G. Stockdale	Health Supervision Entire School	1. Registered Nurse 2. School Nurse-Teacher Certificate	26	0

It is felt that this faculty is the strongest-educationally, and the most pleasing, personality-wise, that this school has had during its many years. It is hoped that the School Board and the Town will make every effort to retain this faculty as a whole.

Staff

During this past year, we have had two members retire from service at the school. Mr. Edward Bureau, who was custodian of the building for a number of years, and his wife Mrs. Margaret Bureau, who has been the school cook and dietician for a long period of time, have now retired and are enjoying a well-deserved rest.

Their places have been filled by Mr. Willis Lane, who is serving most efficiently as the custodian of the building and as the assistant cook, and by Mrs. Barbara Wilson who is capably serving as the cook-Dietician in the cafeteria.

Plant

The changes that have previously been mentioned among the members of the faculty have necessitated changes in the room arrangements of the school. It has been necessary to convert the room that has been used as a lunch room into a classroom. This room is now serving as the Social Studies and the English Classroom.

The Lunchroom has been combined with and condensed into the kitchen. This arrangement is anything but ideal, but is working as well as can be expected.

Grade three has been completely redecorated. The ceiling and the walls have been completely painted for the first time since the school has been built. With a new tile floor this room now has the appearance of a most attractive classroom.

The boys' and girls' toilets on the lower floor have been rebuilt to include increased facilities demanded by the large student population that is to be found on that floor.

The windows of grades seven and eight have been completely weatherstripped with a resulting saving of fuel and increased comfort within the rooms.

In general, the physical condition of the building is excellent because of the wise policy of maintenance followed by the Board.

Lunch Program

The lunch program has undergone two major changes. Our new cook-dietician, Mrs. Barbara Wilson, is providing good, wholesome, well-balanced meals, and, with the assistance of Mr. Willis Lane, is serving approximately 115 full meals per day that conform to the requirements of the State Dept. of Education.

The following is a summary of the lunch program:

Receipts

Cash on Hand July 1, 1956	$ 490.24	
Lunch sales, children	3,513.51	
Lunch sales, adults	317.32	
Receipt of reimbursement	446.25	
District appropriation	00.00	
Misc. cash contributions ..	60.13	
Total		$ 4,827.45

Expenditures

Food	$ 3,091.99
Labor	502.00

Equipment	540.03	
All other	180.15	
Total Expenditures		$ 4,314.17
Cash on hand June 30, 1957		$ 513.28

Instruction

Because of the limitation of physical space, it has been necessary to abandon completely the teaching of two subjects. These two are: Manual Training for boys and Home Economics for the girls. The Shop space that was formerly used for manual training is now occupied by Grade three. The space that was used by the home economics group is now being used as a lunch room.

The changes that have been noted in the Faculty of the School have been most welcome and, as has been mentioned, have strengthened the instruction of the students in many ways.

The quality of the instruction that is being carried on in the Rollinsford Grade School is on a much higher plane than in previous years. In general, the curriculum as outlined by the State Dept. is being adhered to.

Recommendations for Repairs and Maintenance

1. It is recommended that the following be accomplished:

a. Two flood lights be installed at the rear of the building to discourage night prowlers.

b. Room five be completely weather-stripped in the windows.

c. The two toilets on the lower floor be painted.

d. Three additional drinking fountains be installed on the lower floor.

e. A rotary type lawnmower be purchased.

Acknowledgements

I wish to take this opportunity to thank the people of the Town of Rollinsford for their interest in their school as shown by their attendance at the Annual Open House that was held at the school during American Education Week. Their continued interest has been shown, and is much appreciated by the members of the faculty, by the number of parental visits to the school while it has been in session.

Thanks are to be expressed, also, to the Martel-Roberge Post American Legion for its continued interest in the students of the school, for their presentation of medals and scrolls to the outstanding students in recognition of their achievements, and for the Post's gift of ice cream for the members of the entire school during their Christmas Party.

Thanks are due again to Mr. Fred L. Green for his continued interest in the school and his continuing gifts of display material and show cases.

Thanks, too, to Mr. Victor Mucher, Sr. for his most welcome loan of exhibits that have contributed to the learning experiences of the students.

Conclusion

In conclusion, let me offer the thanks and appreciation of the faculty and the staff of the Rollinsford Grade School, to the Superintendent, the members of the School Board, and the Citizens of the Town of Rollinsford for their help and understanding in making this school the kind that serves a community well.

Respectfully submitted,
LEWIS W. HATFIELD,
Principal
